"CYBERMOBILE" TAKES TO THE  
ROAD JANUARY 23, 2012**

The Toledo/Lucas County Public Library recently unveiled its new "Cybermobile" which is equipped with 12 desktop computers and a large-screen "Smartboard" for instruction. According to a press release from the Library, the bus will offer classes in computer and internet basics along with classes on Windows and e-mail. The "Cybermobile" was funded as part of a \$2.2-million federal stimulus grant. That grant also paid for a new technology center at the Kent Branch Library.
